About the Grand Cypress North-South Golf Course

The North-South combination, marked by sharply ledged fairways, tall shaggy mounds and plateau greens perched above water or sand, is a demanding, target-style test. The sportier, more wooded East Nine is more generous, with less bunkering allowing for more run-up shots. Test your skill on the beautiful East 5 island hole, which if you come up short, you may find yourself in the water. The North and South courses offer a variety of tee boxes making the courses enjoyable for top level golfers and beginners. [Click here to view Course Information.](#)
